

AGRICULTURAL DAY 2026

Takahe & Kereru Information Sheet

Our theme for Ag Day this year is...

Tamariki have been very busy in class making all sorts of DINOSAUR art that we are looking forward to sharing with you at this year's Ag Day on...

Saturday 26th September

Each child will create seven indoor exhibits. These will be displayed in each child's classroom and will be judged by independent judges prior to Ag Day. The exhibits will be available for viewing on Ag Day when classrooms open at 11:00am on the day.

We try our best to reduce the workload and pressure for families, so we only need help sourcing/creating materials for one of our indoor exhibits. Everything else will be organised and created during class time. The seven indoor exhibits this year are as follows:

Visual Art Exhibits

Three pieces of art which will be created at school - no home requirements.

Baking Exhibit

One baking item which will be made at school prior to Ag Day - no home requirements.

Natural Exhibits

Three exhibits using natural materials. All three will be made at school with some items required to be brought from home for one of the exhibits (see reverse).

Thank you in advance for your support! Please let us know if you have any questions. You can message us on Class Dojo or send an email.

Jurassic Gardens

As one of our Natural Exhibits, each child will create a DINOSAUR themed miniature garden. This garden must be created at school so please do not send the garden pre-assembled, children can however make items at home to go in their Dinosaur Garden. Children are allowed to bring a drawing or photo of their plan to help when recreating their design at school.

Children need to please bring from home:

- A tray of choice for presenting their Dinosaur Garden (any shape, no bigger than 30x30cm please).
- A selection of plant-life to put in their Dinosaur Garden. This could be weeds, flowers, herbs, greenery and/or succulents - real or fake. Forage instead of buy please!
- A selection of unique items to make your garden look like a Dinosaur Garden ie, plastic/modelling clay dinosaurs, caves, volcanoes, ponds, fossils, dinosaur eggs etc.

Children will have a small selection of craft materials available at school to choose from on the day if additional supplies are needed (including some plastic toy dinosaurs).

All items for the Dinosaur Garden must be brought to school by Friday 25th September, in a named container please.

NOTE: We ask that you please do not purchase anything for the creation of this Dinosaur Garden. Please get children to be creative and resourceful by using found items, recycled items, repurposed items, and crafted items.
