PARENT LETTER

Life Education Trust Mobile Classroom

Life Education lessons are given to the children using qualified teachers and modern technological equipment. The aim is to provide children in their formative years from 5-12 years with an awareness of themselves by getting to know the human body, how it functions and how and why it is affected by substances that upset its balance.

Life Education lessons link into the Schools Health Curriculum and each class has the opportunity to be involved in pre-visit and follow up activities.

We are keen that all children take part in the life Education lessons. We have arranged lessons for all classes in the Life Education Mobile classroom during the week starting Monday 4<sup>th</sup> July 2016

The cost per child for these lessons is: Year 1 – 6: \$5.00  
Year 7 & 8: \$7.00

This is heavily subsidized by Life Education supporters and the school.

Please forward the correct amount to school by Friday 2 July. If you are unable to pay this please contact the Principal.

\_\_\_\_\_

Parents are invited to the Life Education mobile Classroom to see an overview of the Life Education sessions after school on any of the days it is visiting.

We encourage you to attend to view the resources in the caravan to find out how valuable Life Education is and to see the content of the lessons.
