Switch to Water Today For a Healthier You in just a Month

By switching your sugary drinks for water for the next 30 days, you're doing something great for yourself; you're going to enjoy a range of health benefits and feel great. The first few days may be tough. But you are on a path to being healthier.

Did you know that some sweet drinks have up to 13 teaspoons of sugar in a single-serve bottle. That's more than twice the added sugar it is recommended we have in a whole day!

Camp Payments

Parents are reminded that all payments for camp must be paid before the start of camp. Please ensure payment is made before the day children leave for camp. Payment should be given to your classroom teacher or can be made online.
